# CLASS DESCRIPTIONS

## YOGA & FLEXIBILITY

### **Stretch - All Levels**

Bring back your flexibility by lengthening and elongating your tired tight muscles. Great class for active people who can't find the time to stretch.

### **M.E.L.T. Method**

A self-treatment technique that helps prevent pain, heal injury and erase the negative effects of aging and active living.

### **Restorative Stretch**

Relax tight muscles with basic stretches, breathing and the use of a soft foam roller.

### **Yoga Basics**

Designed for members who have an interest in yoga, but don't always have the chance to take other classes. We will go through the details of the yoga practice with lots of individual attention.

### **Flow Yoga - All Levels**

Designed to teach basic yoga postures (asanas), increase flexibility strength, balance and relaxation.

### **Hatha Yoga - All Levels**

A traditional class that builds the foundation for yoga practice. Combines postures (asanas) with steady breathing (pranayama) to promote strength, flexibility and relaxation.

### **Power Yoga - All Levels**

A vigorous class with an emphasis on flowing from one posture to the next. More emphasis on alignment and physical condition.

### **Pilates Mat - All Levels**

Developed by Joseph H. Pilates. Designed to strengthen torso and abdomen (the core) by developing abdominal control and stability.

### **Vinyasa Yoga - All Levels**

An invigorating style of yoga incorporating smooth movements running poses together.

## CARDIOVASCULAR TRAINING

### **Athletic Conditioning - All Levels**

A cardio conditioning class incorporating various plyometric, speed and agility drills to enhance strength, power and coordination needed in sports activities. Sign-up at the Member Service Desk.
