

# TENNIS

NEW MEMBERS, please contact the tennis staff if you, your spouse, or your children are interested in participating in any tennis or pickleball activities at the Club, whether that means learning for the first time, elevating your current level, USTA league play, or social play.

## USTA/CTA SUMMER LEAGUES

If you plan on captaining a team for the summer leagues, please send Scott Langs your roster: [fccc10s@gmail.com](mailto:fccc10s@gmail.com).

- It is up to each team to organize their rosters.
- **Before turning in your roster**, each team must have designated a captain and co-captain who are both members.
- Scott will direct individual players to contact the team captains. It will then be up to each team to decide who is on the roster.
- Club members have priority over nonmembers.
- Once the team rosters are turned in, Scott will assign team numbers and help with player registration, scheduling team practices, and reserving the Club's courts for home matches.
- Team captains will decide individual match lineups.
- USTA Memberships are required for all league players and must be current through the end of the league season.
