## **INCLEMENT WEATHER POLICY AND POOL CLOSING**

April Sound Country Club is dedicated to protecting the health and safety of all its Members. It is in that spirit the following safety rules apply to our water park:

### Rain

The pool will remain open in rain unless it rains hard enough that the guards cannot see the bottom of the pools.

### Thunder & Lightning

The pool will close immediately in the case of thunder and/or lightning and will reopen at the discretion of the Lifeguard. We follow the National Safety Lightning Institute and the American Red Cross recommendation of a 30-minute wait before allowing Members back into the water. In conditions of local lightning, Members will be asked to leave the Water park and wait indoors. Due to the unpredictability of Conroe weather, we will do our best to judge when a pool closure is necessary and when we may safely reopen. We will do our best to keep pool closures to a minimum but may need to close and reopen the water park several times in a day. Please be patient with us as we keep your family's safety in mind.

Our Lifeguards will make the call when it is safe to reopen the pool. If there is inclement weather into the 6 o'clock hour, we will close the pool for the evening.
