This month we are bringing the spotlight to someone who all makes us happy when we see him. We may not realize it; however, he assists in keeping everyone who dines in the Grille full and happy.

Randy Hurtado joined the Food and Beverage team almost two years ago and has been a star ever since. He always comes in with a smile and always has the staff laughing with his jokes. He will go above and beyond for the Members whenever it comes to making sure their food comes out of the kitchen correctly. When there is a mistake, he is the first one the correct it.

Randy has also assisted the team with setting up golf tournaments, serving tables on occasion, as well as jumping in for the halfway house. Randy is a team player and says yes whenever he is needed.

When asked why he always works so hard he replied, “I do it for my kids.” Randy has a two-year-old daughter who is his little angel and a one-year-old son who looks just like him. On his days off Randy loves to jump on the trampoline with his kids, take them out to eat and spoil them. If you see Randy around the Club tell him hello, he is a great member of our team!

Golf Course Maintenance
Spring is finally here and the course is waking up and trying to grow. The cooler night time temperatures keep the bermuda from growing quick like the summer time but it is growing. We have applied a bulk application of fertilizer for the course and fertilized all the tees. The par 3 tees especially are receiving special attention. We will soon be out mowing and blowing and into our summer routine before we know it wishing for cooler days.

Check our Club Facebook page to keep up with the progress we are making on the Club grounds and golf course. Please feel free to contact me with any questions or comments you may have concerning golf course maintenance.
