4. Players shall not replay a shot to the green or try a second putt on the green if a following group is waiting to play.

GOLF CART POLICIES

1. The Club (not individual members) owns the franchise for carts on the golf course. The Club then grants that privilege to members. The Club also owns, operates, and maintains a fleet of carts for use by members and guests.
 - a. The Club will charge a trail fee for all Member-owned carts. Members who store their cart at the Club will pay an additional storage fee. These fees are reviewed by the Board on an annual basis and are subject to change.
 - b. Each Member sharing a private cart will pay a separate trail fee. A maximum of two Members may share a cart.
 - c. The practice of riding in someone else's cart, without paying a trail fee, shall be prohibited. If a member wishes to ride in another Member's cart, s/he can pay the normal cart rental fee for 9 or 18 holes, or they have the option of leasing a Club-owned cart for the entire season.
 - d. A cart-owning Member may host one nonmember guest without having that guest incur a fee. However, if more than one guest is present, the additional guests who ride will be subject to a cart fee.
 - e. The Golf Shop will monitor golf cart usage accordingly.
2. Club-owned carts will be leased on a first-come, first-served basis and will not be reserved except for medical reasons.
3. Carts will be rented only to adults (individuals sixteen years of age or older).
4. An adult must be on the seat of the cart when the cart is in motion. This provision includes the use of privately owned golf carts as well as Club-owned vehicles.
5. Golf carts are required to be on the paths where present and are restricted entirely to paths on all Par 3s. At no time should a golf cart be closer than fifteen yards to a green. Carts should be parked with all four wheels on the path where provided. Members with handicaps can apply for special consideration through the Golf and Grounds Committee. Members or guests in violation of this rule will receive a verbal warning from the Golf Professional, followed by a written warning from the Golf Committee. Any subsequent violations will be referred to the Golf Committee for further punishment not limited to suspension of golf privileges.
6. All signs on the golf course directing cart traffic apply to electric carts. Walking golfers using a push or pull cart to carry their bag should keep said cart at least ten feet away from greens and may never put them on top of the tees.
7. Golf Members with private carts may not use them on the golf course unless they have paid an annual trail fee, as set by the Board of Directors. Members utilizing two carts will pay two annual trail fees if they wish to use both carts on the golf course.
