

South Course, No. 7

The Firestone Country Club Caddy Program, managed by 4C Limited, is designed to help every golfer experience the traditional "full service" golf experience like it was meant to be. Two options are available.

### **Option One: Walking Caddies – available on the South and North Courses**

Walking caddies provide all the traditional services such as carrying bags, offering shot selection advice, raking bunkers, spotting wayward shots, reading greens, tending pins, cleaning balls and getting yardage, in addition to educating golfers on the history and heritage of tournament golf at Firestone.

### **Option Two: Forecaddy – available on all courses**

Forecaddies provide the same services above with the exception of carrying bags. Forecaddies can only be used if there is a minimum of two people in the group.

All caddies will serve as ambassadors of Firestone Country Club and the World Golf Championships, sharing stories about past competitors and pointing out locations on the course where memorable moments from past tournaments have taken place.

## **FEE STRUCTURE**

Walking Caddy \$50 per bag, plus applicable guest fees

Forecaddy \$18 per bag, plus applicable guest fees and cart fees

As a standard, caddies carry two bags. Single caddies can be requested for the same fee but are subject to availability.

All fees do not include gratuity. The rates presume that a satisfactory performance will receive some tip in addition to the amount indicated. See our Caddy Master for a gratuity range. Gratuities must be paid in cash and cannot be charged to a Member account.

Cancellation Policy: Cancellations within 24 hours will be billed the full fee. If we are able to replace the loop for the caddy, you will not be charged.

## **HOW TO RESERVE A CADDY**

Caddies can be reserved through the Tee Time Office at the time you make your tee time or by contacting the Caddy Master directly.

Please note that the Caddy Master cannot make you a tee time. We recommend reserving a caddy at least one day in advance, however we always aim to have caddies that are available on short notice and will do our best to fill your need. All caddies report to the Caddy Master who oversees the program and reports directly to the Director of Golf. The caddies are not Firestone Country Club employees. They are employed by 4 C Limited and receive a portion of the fee.

To book a tee time, room reservation or transportation, please contact:

Tee Time and Reservation Office at 330.245.3280
